### Handling Information

#### Directions For Use :

Sushi rice for 4/5 persons (500g)

1). Wash the rice in cold water, changing the water until it becomes clear. Leave it to soak for 15 minutes. Drain and leave to stand for a further 10 minutes. Mix separately 1/2 cup of rice vinegar (or apple vinegar), 2 spoonfuls of sugar and 1 teaspoon of salt. Heat the compound, stirring and leave to cool.

2). Put the rice into a pan with an amount of water equivalent to its weight (500ml), cover the pan and cook at full heat and simmer for a further 10-15 minutes. Take it off the heat and leave to stand for further 15 minutes.

3). Add the mix prepared previously to the rice and stir with a wooden spoon being careful not to break the grains (use the spoon on its side). Cool the rice with a fan to allow the vinegar to evaporate more easily.

4. Again using a wooden spoon, pile the rice up all to one side (this is to ensure that the grains of rice do not dry out too quickly). Lastly cover with a damp cloth and leave to cool.

For more information see cooking times declared on packaging.

#### Storage Instructions :

Store in a cool, dry place away from direct sunlight.
