OUR BRANDS

SyscoTM

The World's Global Foodservice Leader

We are pleased to share with you that we have launched our own brand range called Sysco. Sysco is the world's global foodservice leader, which means with the support of experts, we have developed a three-tier range to offer you, that will continue to build and grow.

Sysco Essentials An easy, everyday way to control costs with our lowest everyday prices, without compromises.

Sysco Classic A range that offers you more for the price, with quality equal to or better than other national leading brands.

Sysco Premium A range that offers you exacting specifications, quality ingredients, premium performance, and exceptional value.

All backed by the Sysco Quality Assurance standard, ensuring industry-leading quality and food safety.

OUR BRANDS

M&J

Quality Seasonal Fish & Seafood

We have partnered with one of the industry's leading fish suppliers to offer you a range of fresh fish, as well as a comprehensive frozen range. Our partnership means getting quality seasonal British fish and seafood onto your menu boards couldn't be easier. M&J Seafood follow the catch as it migrates around the coastline and know exactly when and where to be to get the very best of the catch.

OUR BRANDS

freshdirect™

British & Globally Sourced Fruit & Veg

For over 50 years Fresh Direct have worked day and night, 364 days a year, to deliver British and globally sourced fruit and veg to dedicated chefs across the country, it's easy to see why they are called produce fanatics! You'll find everything you need from the core essentials to more seasonal produce, perfectly packaged to protect the product and maintain freshness!

OUR BRANDS

*Supplying Caterers
For Over 20 Years!*

Created in response to a shortage of quality fillings, Purple Pineapple has been supplying caterers with superior fillings for over 20 years, using the same principles as when it was first founded! Our fillings are only ever mixed by hand, so the more delicate ingredients are kept intact whilst the finished product looks more handmade than machine blended alternatives. What's more, our fillings are extremely versatile; use as a jacket potato topper, a pie filling or as part of a sharing platter... the possibilities are endless.

NEW RANGE *highlights*

Behind every great meal are the non-food essentials - packaging, containers, cutlery, and napkins that protect both your food and your reputation. The Earth Plus range offers recyclable and cost-effective options designed to perform, without compromising on quality or convenience.

With many products that are biodegradable, home-compostable, and FSC® approved, Earth Plus gives you the confidence that every choice supports a more sustainable future.

Backed by the Sysco Quality Assurance standard, ensuring industry-leading quality and food safety.

Portico Seafood offers a wide variety of fish and seafood products delivered to industry-leading standards including MSC certification across much of the range.

They build strong relationships with large fisheries and smaller, family-run businesses to make sure they can bring you the best quality and value, consistently and reliably.

With every product Sysco 'Quality Assured', you can trust each item meets the highest levels of safety, consistency and quality.
