Veganism Explained

What is veganism?

"Veganism is a way of living which seeks to exclude, as far as is possible and practicable, all forms of exploitation of, and cruelty to, animals for food, clothing or any other purpose."

- The Vegan Society

What do vegans eat?

A vegan diet is richly diverse and includes fruits, vegetables, nuts, grains, seeds, beans and pulses - all of which can be used when creating inspirational recipes from scratch. However we are finding that there is an increasing amount of vegan friendly meat and dairy alternatives that make it extremely easy to cater for the vegan diet, which is why we have created the Innovative Vegan Food Guide.

Why should you adapt your menu?

Biggest food trend of 2018

The UK market for meat-free foods reportedly worth £572m (2017), Mintel*

Breakfast

Why not try adding this vegan take on the classic English breakfast to your menu. We've made this breakfast extra special with creamy avocado on toast, Linda McCartney Rosemary & Red Onion Sausages (see page 31), Hash Browns (see page 27), Baked Beans (see page 49) and Spinach & Vine Tomatoes on a Portobello Mushroom.

Dairy Alternatives

Finding a suitable replacement for dairy products couldn't be easier with our range of milk alternatives from Rude Health. Additionally our range of plant based products from Alpro are nutrient-rich and a great alternative to yoghurts.

See page 23 for a full product listing.

Snacking

For those following a vegan diet, snacking no longer needs to be dull and boring with our range of on-the-go snacks. From crisps to popcorn and bars to bites, we have everything you need to make sure your establishment has the perfect vegan offering.

See page 53 for a full product listing.

Starters

Looking for a simple vegan starter to complete your menu? You'll find plenty in our starters section that are sure to inspire you. Easy to create topped soups can be an eye catcher on any menu and will be sure to please vegans, vegetarians and meat-eaters alike.

See page 29 for a full product listing.

Buffet

Vegan buffets no longer need to be a minefield. Our range of canapés help you create delicious, show stopping vegan spreads at your establishment.

See page 29 for a full product listing.

Main Meals

If you are looking to add simple, delicious centre of plate options to your menus then look no further than our **NEW** offerings.

See page 31 for a full product listing.

Pizza & Pasta

Ensure your menus are on trend with our vegetable pizza and piquillo pepper potato gnocchi serving suggestions, topped with our dairy free grated cheddar-style and block mozzarella-style (see page 23). Whatever your dietary requirements these dishes are sure to impress!

Roast Dinner

Sunday roasts don't have to be boring if you're vegan, and it's pretty easy to create a delicious vegan roast dinner with our meat-free alternatives and trimmings.

Jackfruit

The new, healthy meat replacement everyone's talking about. With its versatility, good source of protein, potassium, calcium, and iron it's no wonder it's the talk of the town. Jackfruit (See page 49) resembles meat once prepared with its look and texture which makes it perfect to create your own vegan creations. Below we have showcased the versatility of Jackfruit with our topped burger, hot dog and nacho serving suggestions.

Cakes & Desserts

There is no compromising on taste with these delicious desserts, cakes and traybakes! Our Salted Caramel Brownie, Super Flapjack and Mango & Coconut Dessert Bar are certain to add colour, taste and vibrancy to any dessert offering.
