# We're here to help!

## What we have been up to....

Our business hasn't changed! Although like everyone we have had to adapt we're still open for orders and if you're thinking about reopening we can help, which is why we have been hard at work and have launched our Innovative Food Guide for July & August.

## Thinking of starting back up or already open? Either way we can help!

We have already helped plenty of establishments from pop up shops to new takeaway ventures and because of our size and personable approach we are the wholesaler of choice at this difficult time.

## NEW ranges to KFF

We have added **NEW** savoury pies and pasties to our **Wrapped Range** (see page 10).

Our **Cleaning Products Range** has been extended giving you everything you need to keep your establishment germ free!

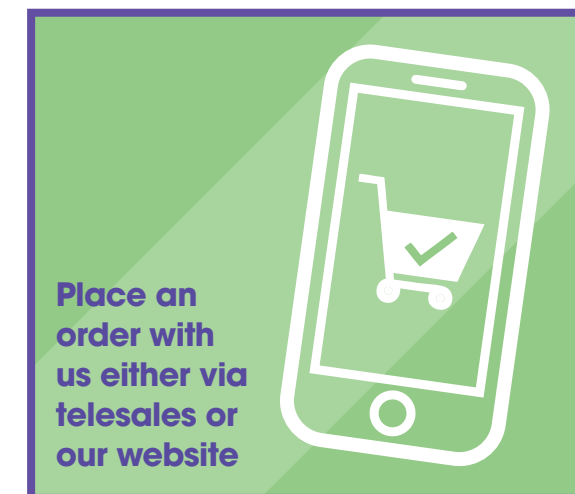

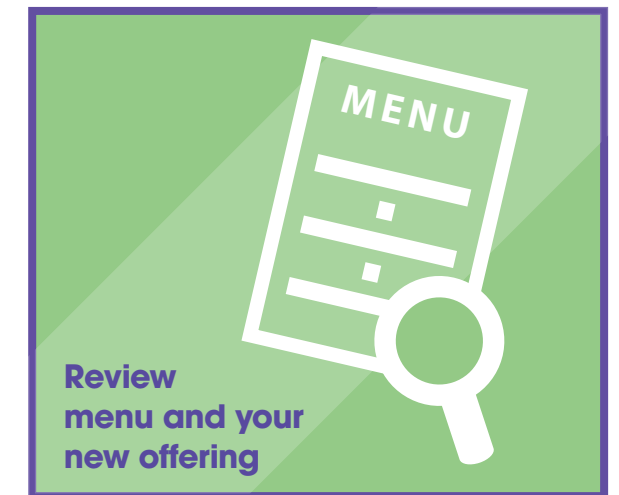

We know in order to run your business you'll be coming into close proximity with customers and suppliers, it's inevitable, and in order to do this successfully and safely we have a full range of **PPE** available (see page 6).

Finally, adapting your menu to provide a takeaway service can be a minefield! Our **NEW** essential list of **Packaging and Disposables** is a must (see page 7).

## So, what should you be thinking about next?

Our team is here to help you every step of the way but there are some important actions you should be thinking about when looking to operate successfully but also safely.

# NEW PPE RANGE

Only a few months ago PPE wasn't on anyone's radar and as a result it can be a minefield. With this in mind we have launched all the essentials items you need to operate safely.

**So, what should be on your list?**

## MASKS & VISORS

We have two available in order to fulfil all your requirements. If you are coming into contact with a high volume of customers we recommend our full face visors.

## TAPES & FLOOR STICKERS

Used to direct people and keep that all important distance between customers.

# THE PERFECT TAKEAWAY PIZZA

Pizzas are the perfect takeaway option. They're easy to make, great tasting, perfectly packaged and loved by the nation! We have everything you need to make delicious authentic homemade style pizzas at your establishment.

## Ingredients:

650g/16 7oz '00' flour  
7g dried easy-blend yeast  
2 tsp salt  
25ml/1fl oz olive oil  
325ml/11fl oz warm water

FOR FULL INGREDIENTS  
LIST AND METHOD  
CLICK HERE

## Simple 4 step Pizza Dough Recipe

### Directions:

1. Mix the flour, yeast and salt together in a large bowl and stir in the olive oil. Gradually add the water, mixing well to form a soft dough.
2. Turn the dough out on to a floured surface and knead for about 5 minutes, until smooth and elastic. Transfer to a clean bowl, cover with a damp tea towel and leave to rise for about 1 1/2 hours, until doubled in size.
3. When the dough has risen, knock it back, then knead again until smooth, roll into a ball and set aside for 30 minutes to 1 hour until risen again.
4. Divide the dough into six balls and roll each out on a lightly floured work surface until 25cm/10in in diameter. (You can also make one big pizza.)

**Top Tip:**  
If you make too much dough or prefer to prep in advance why not freeze a batch?
