# Best of British

Buying British provides vast environmental and social benefits, reducing the number of miles food travels, supporting UK farmers, dairies and other British producers whilst satisfying the growing consumer demand for fresh produce, provenance and traceability.

It's not only about great British products – but the story behind them, told by the owners (many of them families) who have spent their lives dedicated to manufacturing high quality food and drink for the local market, often using traditional methods of production.

Here are just a few....

## STOKES SAUCES

Make your food offerings extra special with Stokes Sauces. From ketchups and mayonnaises to condiments, pickles and jams, there is plenty to choose from to add something different to your dishes.

## CHEESEMAKERS OF CANTERBURY

Cheesemakers of Canterbury are our suppliers of locally sourced full flavoured award-winning cheese and they use traditional methods for all their dairy products.

## KENTISH MAYDE

Charming, rustic and utterly delicious handmade pies! Encapsulating everything that is great about being British with classic whole pies, individual hand-crimped pies, sausage rolls, veggie tarts and a selection of mini pies for those who can't resist a taste of everything!

## YORVALE

For almost 30 years Fossfield Farm has been the home of York's only real dairy ice cream, Yorvale. Using traditional methods and the finest natural ingredients they produce rich and creamy dairy ice cream and real fruit sorbets. Their herd of dairy cow's graze on lush Yorkshire grass and because they only ever produce milk for Yorvale, the result is stress free cows that produce really creamy milk which is pasteurised on the farm before being mixed with the finest natural ingredients to create their exquisite products.
