

HERE FOR YOU...

KFF - OUR BUSINESS

Our business hasn't changed! Although like everyone we have had to adapt we're still open for orders and if you're thinking about reopening, we can help!

HERE TO HELP

We have already helped plenty of establishments from pop up shops to new takeaway ventures and because of our size and personable approach we are the perfect wholesaler in this difficult time.

STARTING BACK UP?

To make things easier when you start up, we have already adapted our range to include smaller pack sizes and are looking into improving our PPE and disposable selection in the coming weeks, so watch this space...

OUR WEBSITE

Although we have made some changes to our website you are still able to browse our existing product range and purchase via your account or card.

a S/sco company
