essential non-food
Guide

a S/sco company

YOUR INDISPENSABLE GUIDE TO
WHOLESALE CLEANING, JANITORIAL
& PACKAGING PRODUCTS

www.kff.co.uk  

Welcome to the essential non-food guide

Welcome to The **NEW** Essential Non-Food Guide from kff; your indispensable guide to wholesale cleaning and janitorial products as well as PPE, food packaging and disposables.

Our range is full of non-food essentials from kitchen consumables and cleaning chemicals to food-to-go disposables.

We have a range of specialist cleaning and washroom products, as well as wholesale cleaning products that meet the needs of every catering establishment, both inside and outside of the kitchen.

Our **NEW** 'Super Professional' range has been trusted by caterers for over 40 years and has been designed and developed with the independent professional in mind. The range has been recently redesigned and reformulated for improved cleaning and disinfecting power, with many of the products being BPR (Biocides Product Regulation) BSEN1276 and BSEN13697 compliant. All of the bleached based products are also fully BPR registered. Super Professional is a quality brand, offering supported training, literature, safety data sheets, COSHH information and usage wallcharts which are all available to download.

kff
Kent House, Priory Park, Mills Road,
Aylesford, Kent ME20 7PP

Opening times:
8.30am - 5.30pm (Monday-Friday)
11.00am - 5.00pm (Sunday)

Visit www.kff.co.uk

Key USPs:

- Clearly labelled and colour coded dependent on risk area - all products have unique alphanumeric front and side coding to allow for quick reference
- Detailed information on the back of products including QR codes to link to all technical information
- Downloadable multi-lingual wall charts
- Live chat feature on the website for any questions and queries www.mirius.com
- Recyclable packaging - watch the online video for more information www.mirius.com/recycle

Our full range comprises of cleaning chemicals that will cut through the toughest grease, colour coded cleaning equipment including mops, buckets and cloths, as well as a range of janitorial supplies to suit all your needs.

As well as cleaning products we now stock a comprehensive range of PPE which are essential for any business during and post COVID- 19. This range consists of face masks, visors as well as tape, floor stickers and much more helping your business operate safely whilst protecting both your customers and staff.

We also know that due to current restrictions it's unlikely that you are able to serve the same volume of food or drink at your establishment for some time and as a result we're now seeing an increase in our customers providing a delivery and collection service. In conjunction with this change we have increased our disposables range which includes cutlery, cups, take out containers and sandwiches wedges to name just a few.

We have also increased our disposables offering with our **NEW** plant-based compostable food packaging from Vegware. Made from plants using renewable, lower carbon, recycled or reclaimed materials, Vegware is high in quality, practical and perfect for socially-distanced catering. View the full range on page 14.
