What We Do

Having over 60 years experience means we understand our customers which is vital to growing mutually profitable businesses. We recognise that a strong, exciting and trendy food offering is a vital part of providing an overall service. This insight and support we give to our customers is invaluable when developing new menu ideas.

SERVING YOU *inspiration*

At kff, we know that menu development is important for our customers, which is why we are continually looking for new, innovative products and range extensions.

We are mindful that our customers are extremely diverse in the types of foods they look for, whether it is added value products, ingredients or inspiration which is why we have created our [New Product Guide](#).

We've got a host of new products to elevate your offering and support your business needs.

Start exploring today!

OUR BRANDS **Sysco**

The World's Global Foodservice Leader

We are pleased to share with you that we have launched our own brand range called Sysco. Sysco is the world's global foodservice leader, which means with the support of experts, we have developed a three-tier range to offer you, that will continue to build and grow.

Sysco Essentials An easy, everyday way to control costs with our lowest everyday prices, without compromises.

Sysco Classic A range that offers you more for the price, with quality equal to or better than other national leading brands.

Sysco Premium A range that offers you exacting specifications, quality ingredients, premium performance, and exceptional value.

All backed by the Sysco Quality Assurance standard, ensuring industry-leading quality and food safety.

OUR BRANDS

M&J

Quality Seasonal Fish & Seafood

We have partnered with one of the industry's leading fish suppliers to offer you a range of fresh fish, as well as a comprehensive frozen range. Our partnership means getting quality seasonal British fish and seafood onto your menu boards couldn't be easier. M&J Seafood follow the catch as it migrates around the coastline and know exactly when and where to be to get the very best of the catch.

OUR BRANDS

freshdirect™

British & Globally Sourced Fruit & Veg

For over 50 years Fresh Direct have worked day and night, 364 days a year, to deliver British and globally sourced fruit and veg to dedicated chefs across the country, it's easy to see why they are called produce fanatics! You'll find everything you need from the core essentials to more seasonal produce, perfectly packaged to protect the product and maintain freshness!

OUR BRANDS

*Supplying Caterers
For Over 20 Years!*

Created in response to a shortage of quality fillings, Purple Pineapple has been supplying caterers with superior fillings for over 20 years, using the same principles as when it was first founded! Our fillings are only ever mixed by hand, so the more delicate ingredients are kept intact whilst the finished product looks more handmade than machine blended alternatives. What's more, our fillings are extremely versatile; use as a jacket potato topper, a pie filling or as part of a sharing platter... the possibilities are endless.

NEW RANGE *highlights*

4aces
Food Service Packaging

Choosing sustainability packaging isn't just good for the environment, it's good for your brand too.

At 4 Aces, sustainability isn't just a feature, it's our foundation. It's a fundamental part of who we are and what we do.

We recognise the importance of minimising our environmental impact and are dedicated to integrating sustainable practices into every aspect of our business.

The Homemade Brownie Company began unintentionally in the charming village of Hook, Hampshire, where founder Laura Bland turned a personal challenge into a delightful opportunity.

A passionate team ensures every batch is made with **premium ingredients and a handmade touch** - 10 prestigious Great Taste stars between 2022 and 2024 reflects our unwavering commitment to crafting exceptional treats.

Fresh MEAT & POULTRY

We know how important having a trusted supplier for your meat and poultry is to you, and we know it needs to be affordable without any compromise on quality or assurance, which is why we are pleased to let you know we can deliver all your chilled meat and poultry along with your usual order. Our range includes daily staples such as our prepared poultry to premium 28-day aged primals.

Our team of **specialist buyers and technical experts** only work with trusted suppliers and producers, which means that when you buy from us, you can have peace of mind about the traceability, origin, and provenance of all meat and poultry. All our products are checked against our exacting internal specifications and we regularly audit shelf life, and our supply chain management, to bring you a range of meat and poultry you can trust to put on your menu.

We also have a range of **Red Tractor Farm Assured** products sourced from British farms. Like all our products these are fully traceable throughout the supply chain, and also regulate animal welfare standards and ensure farming practices.

**TRACEABLE, SAFE
&
FARMED WITH CARE**

LES VERGERS
boiron

Born in 1942, Les vergers Boiron is fuelled by a passion for fruity gastronomy. From their family roots, they have become a key player in fruit solutions worldwide.

A global leader in fruity gastronomy, Boiron Frères create convivial moments of shared pleasure. Their range of premium ingredients, available year-round, inspires countless chefs to create desserts, sorbets, cocktails, and more!

Fruitology® is the discipline dedicated to the study of fruit and its transformation into fruit purée. It is based on sensory analysis, a science that uses humans as a "measuring tool." Product characteristics are thus evaluated by involving the five senses. Sensory analysis therefore allows them to better understand consumers in order to create products that meet their expectations. It is also a good tool to support creativity for gastronomy professionals!
