Welcome to the *Innovative food* GUIDE

At kff we are proud to be a local wholesaler – this allows us to offer a flexible and reliable service. We also partner and champion local suppliers giving you a quality and comprehensive range of over 3,500 products.

As well as working hard to provide the best fresh produce, we work tirelessly behind the scenes with our Development Chef Mark Prior to create innovative recipes that we think you and your customers will love. This issue showcases some canapé and buffet ideas for the festive period and beyond.

We also show you a new range from Imaginative Cuisine, an essential for your kitchen! If you recreate any of our recipes, please be sure to tag us **@kff_online** on Instagram!

You should always read the label before using the product and never rely solely on the information presented here or any database provided. All prices are correct at time of print. Please be aware that due to continued pressure on supply chains some products may be unavailable at short notice. Please speak with your telesales contact or account manager to discuss suitable alternatives should this issue arise. We apologise for any inconvenience this may cause. All fresh meat, fish & seafood and vegetables require prior notice when ordering.

An update from Phillip White MD

Welcome to the November & December edition of our Innovative Food Guide. I'm Phillip White, MD at kff.

Before joining kff back in 2020, I worked in a variety of roles, but always with a focus on customer service, looking at how we make a difference to our clients. Innovation is a fundamental part of that, and the kff team is passionate about helping our customers

to create the standout dishes that have consumers coming back for more.

2023 has been an encouraging year for kff, despite the challenges that we've all experienced with rising prices, challenges across the supply chain and the cost-of-living crisis. Throughout this period, we've tried to keep our focus on the customer, which has helped us to grow significantly.

Over the past couple of years, we've focused on increasing our local provenance, significantly increasing the number of Kent and South East producers that we work with. Our £1m investment in upgrading our refrigeration unit, has meant that we could launch a much bigger 'fresh' range and, at the same time, reduce our carbon footprint.

In fact, we've added more than 250 chilled lines, which means that our customers can now access even more products in one place from one supplier. And we've made it easier to shop the range with investment in our digital platforms, updating our website with a fresh design and increasing customer ordering functionality, including our new app ordering facility.

Although we are a regional wholesaler, we're fortunate to have the backing of the world's largest foodservice distributor, Sysco, which has allowed us to continue to invest in our business to improve the products and services we offer to customers. The result of the investment is already being seen, helping improve our service and generating some great feedback from our customers on the new ranges we've launched. Over the next year, you'll see an increasing number of Sysco own brand products, as we release more products that will help you save across your entire order, backed by the quality

you'd expect from the world's leading foodservice wholesaler.

We're grateful that you've continued to choose kff as your wholesaler in 2023 and we hope that we can grow our partnership, delivering you the best products and service throughout 2024 and beyond.

Happy holidays from us all at kff and I hope you enjoy this edition of our Innovative food guide.

Phillip

Fresh fruit & veg fanatics

As part of the larger group of specialist fresh food, we work closely with Fresh Direct who are fresh produce fanatics. Their customers have made them the UK's number one fresh produce supplier, with over 50 years experience they source the best of British and global produce. From everyday to the exotic and even ready prepped, if you need it they can supply it through kff!

As the nights start drawing in, think about dishes to celebrate the flavours of autumn and winter, and of course the festive period.

This month kff will have promotions on selected fruit and vegetables so head over to the website to order!

Look out for us on promotion during November & December!

KINGCOTT DAIRY

One of kff's local suppliers, Kingcott Dairy are an award winning farmhouse cheesemakers and dairy farmers.

All their Kentish Blue & Kingcott Blue cheeses are made on their dairy farm in the heart of Kent, with milk from their own herd of cows. Although just a small team, they are proud to oversee the entire cheese-making process from the grass their cows are fed through to the finished cheese.

They choose to farm with sustainability and the highest animal welfare standards at the forefront. Their ethos is to treat animals, land and the environment with kindness and respect which will reward them with the best milk to create the best cheese.

Kentish Blue was their first cheese and has a full flavour with a moist but firm texture. Great served on its own or crumbled onto salads, pasta and soups.

Why we love Kingcott:

- They support the local economy
- Milk from only the best cows
- Low-energy cheesemaking
- Green packaging
- Family run

...and they're only 30 mins from kff HQ!

STOKES
 Red Onion Marmalade **G V V**
 Code 051849 Size 2.4kg

Makes the richest gravy!

The famous Speldhurst sausage originated from Mr Lovett's butchers shop in 1958, in the beautiful village of Speldhurst near Royal Tunbridge Wells. It has become a well known quality regional brand renowned for its superb taste nationally as well as locally. They use the finest cuts and include traditional and local ingredients. We've used the classic Cumberland here in a mini toad in the hole topped with a red onion gravy. We also stock three other varieties, head over the website to check them out!
